Life Is On

Drayton
by Schneider Electric

Warmer welcomes with Wiser

Introducing Wiser, the beautifully simple heating system from Drayton.

Easy to install from app to thermostat, Wiser is an altogether better, smarter, easier way for you to control the heating in your home. Wherever you are, whenever you need it.

How Wiser works

Wiser combines smart features with simplicity to bring you an altogether easier, better, wiser solution.

You can build your system as you go and tailor it to your personal needs.

01.

Start with your room thermostat for central smart conrol

02.

Then add radiator thermostats

03.

Continue to add radiator thermostats in each room

Find the perfect system for you at wiser.draytoncontrols.co.uk.

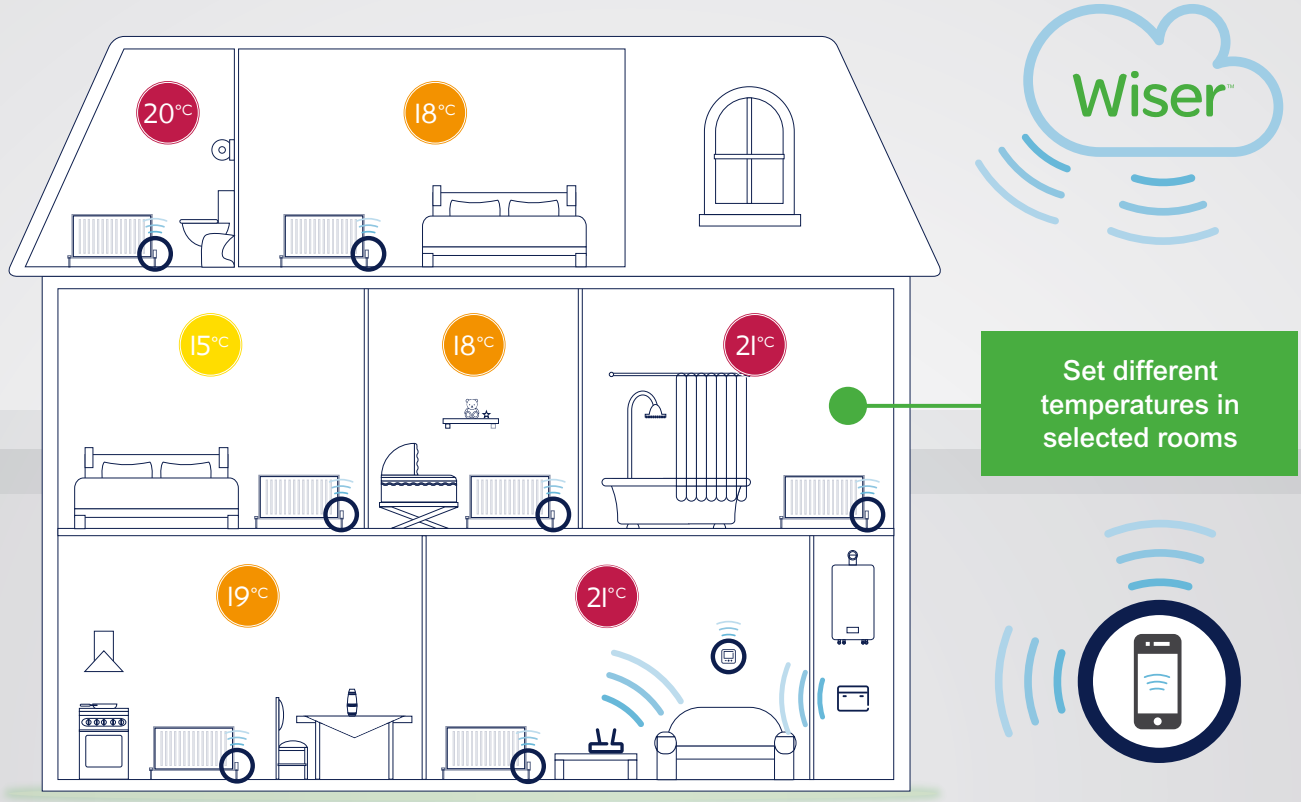

Smart rooms with Wiser

Wiser can offer complete home personalisation by allowing you to control the temperature and schedule in each room independently.

It makes ultimate comfort affordable. Start with a smart room thermostat and build a full multi-room system over time.

This simple upgrade can have a huge impact on your comfort, convenience and energy bills.

- Smart heating & hot water control
- User friendly smartphone app
- Individual room control
- Works with amazon alexa
- Eco Mode to maximise savings

Easier control

Wiser has been designed to make your life easier. The simple app means you are in total control, wherever you are.

And if you're at home you don't have to lift a finger - just ask Alexa.

"Alexa make my bedroom 2°C warmer"
