

TECHNICAL DATA SHEET

Product Code: 125883

Product Description: UCP Unbranded Diverter Valve Head 174813

Product Image:

Product Details

Dimensions:

90 (H) x 60 (W) x 70 (L) mm

The UCP Diverter Valve Head 174813 is a genuine unbranded alternative to the Ideal Diverter Valve Head 174813. This Diverter Valve is the directional water device that only appears in combi boilers. It enables hot water to be directed to the heating system (i.e radiators) or to the Domestic Hot Water system (i.e. Taps or Showers).

Black plastic diverter head
