

# TECHNICAL DATA SHEET

Product Code: 286971

Product Description: UCP Unbranded Safety Valve 20044364

## Product Image:

## Product Details

### Dimensions:

60 (H) x 45 (W) x 30 (L) mm

The UCP Pressure Relief Safety Valve 20044364 is a genuine unbranded alternative to the Vokera Pressure Relief Safety Valve 20044364. The safety valve helps to control pressure build-up within a central heating system. It is set to open in the event of a pressure build up, releasing excess water to prevent pressure causing the system to malfunction or break.

Safety valve
