

# TECHNICAL DATA SHEET

Product Code: 580857

Product Description: UCP Unbranded Automatic Air Vent TP-118-1009

## Product Image:

## Product Details

### Dimensions:

40 (H) x 130 (W) x 190 (L) mm

The UCP Automatic Air Vent 87161405000 is a genuine unbranded alternative to the Worcester Bosch Automatic Air Vent 87161405000. An Automatic Air Vent (AAV) is a safety device within the central heating appliance. Air vents work by using buoyancy to release built up air. As water flows through the heating or cooling system, a float within the automatic air vent opens or closes.

Suitable for a range of Worcester Boilers including, 240 Fsn, Cdi Fsn, Heatslave Oil Boilers, Hiflo and Greenstar ErP Classic Boilers
