TECHNICAL DATA SHEET

Product Code: 211383

Product Description: Plumbright Boiler Professional Pack with Scale Reducer PRINSTALLPK2

Product Image:

Product Details

Plumbright Magnetic Filter is a convenient and robust solution to solve the issues arising from sludge, rust and any other kind of iron residue generated by radiators, and other ferrous components, in sealed central heating systems. Including a Plumbright cleaner is essential for protecting hot water central heating systems and maintaining operational efficiency and Inhibitor for Long term protection of mixed metal and plastic central heating systems against corrosion, limescale and deposits. The Plumbright electrolytic scale reducer provides high performance protection against limescale deposits. Pro Force wireless 7-day programmable thermostat allows homeowners to set heating schedules to avoid wasting energy when not needed, a programmable thermostat can help homeowners maximise energy usage while maintaining comfort in their homes. The Hispec Battery operated Carbon Monoxide Detector has a 10 year sealed lithium battery with an advanced long life along with a power or alarm indicator.

- Eliminates system debris and magnetic sludge
- Protects the boiler and the components extending their useful life span
- Latest NSF CIAS approved, meeting industry test requirements for corrosion protection, limescale prevention and compatibility with other non metallic materials
- Prevents corrosion and hardwater limescale precipitation
- Suitable for use with all power assisted flushing equipment
