Product Details

Dimensions:

295 (H) x 1800 (W) x 57 (L) mm

Introducing the Pearl Duplex Horizontal Designer Oval Tube Radiator, a perfect blend of style and functionality for your home. With its chic modern horizontal oval double tube design, this radiator not only heats your space efficiently but also adds a touch of elegance to your decor.

Enjoy peace of mind with our comprehensive 10-year manufacturer's warranty (terms and conditions apply), ensuring long-lasting performance and reliability. The Pearl Duplex is expertly crafted for use with central water heating systems, making it a versatile choice for various heating setups.

Constructed from high-quality steel, the Pearl radiator undergoes a meticulous pre-treatment process and is finished with a durable powder coating. This ensures exceptional durability and a sleek look that complements any room.

Installation is a breeze with included wall fixings, a plug, and a vent, allowing you to set up your radiator with minimal hassle. The connection size of 1/2" ensures compatibility with standard fittings.

The Pearl Duplex radiator's impressive heat output is calculated at Delta T50°C, providing optimal warmth for your living spaces. It has been pressure tested up to 13 bar, with a maximum working pressure of 10 bar, guaranteeing safe and efficient operation under various conditions. The maximum working temperature of 120°C further highlights its robust design.

Manufactured and tested to meet EN-442 standards, the Elegance radiator exemplifies quality and reliability. Its thoughtful design making it a practical and stylish addition to your home.

Transform your living space with the Pearl Duplex Horizontal Designer Oval Tube Radiator where high performance meets sophisticated design.

Elegant horizontal designer radiator with modern double panel design
Ideal for central water heating systems
