

TECHNICAL DATA SHEET

Product Code: 128308

Product Description: UCP Unbranded Expansion Valve Z95607045

Product Image:

Product Details

Dimensions:

The UCP Expansion Vessel 95607045 is a genuine unbranded alternative to the Hrae Heatrae Sadia Expansion Vessel 95607045. The expansion vessel is a tank that is used to protect closed systems from pressure surges. The tank is filled with air that acts as a cushion against surges in pressure within the system.

Suitable for various Heatrae appliances.
